PROFILE

Skilled **PHP Laravel Developer with 2 years of strong experience** in building scalable web applications. Proficient in the Laravel ecosystem, including Livewire, Alpine.js, Filament, Tailwind CSS, Vue.js, Inertia.js, and experienced in managing client communication and collaborating with cross-functional teams. Quick to learn and adapt, with a focus on delivering high quality, result-driven solutions.

WORK EXPERIENCE

WDS India (inosys technology) april-2025 to Present
TALL & VITL stack developer

- GNG Service station connector platform**

Developed a service platform that connects customers to the nearest service station for quick connect. Implemented customers login and inquiry flow enabling fast submission and resolution of service request. Integrated real time updates and interactive components using Livewire, Alpine.js and Tailwind CSS to enhance user experience.

- HKCY Rental**

HKCY is a specialist property developer based in Cyprus, delivering innovative residential and commercial projects. This project focuses on presenting premium properties through a modern, user-friendly platform that highlights design quality, amenities, and investment value, enhancing HKCY's digital presence and customer engagement.

Devclick Technology march-2024 to april 2025
Jr. Laravel Developer

- YouNegotiate - Debt settlement platform**

Developed a debt negotiation platform enabling creditors to upload consumer debt information and notify consumers for action. Implemented consumer, creditor super admin and profile manager login and negotiation flow allowing creation of custom offers, installment plans or fully payoffs. Integrated real time updates and interactive component using Livewire and Alpine.js to enhance user experience.

EDUCATION

Bachelor of Computer Applications (BCA) 2021 - 2024
Saurashtra University, Rajkot with a CGPA of 9.6
